

How To Register for XCCanada

We will use the scores generated by the XCanada Contest for flight scoring at the Willi. You must be registered with XCanada, and able to upload your flights to this site. Please be sure you are registered prior to attending by completing the steps in these instructions. If that's not possible, we will have people at Registration ready to help you get set up.

If you are already registered for XCanada 2015: You're done – there's nothing else you need to do.

If you are registered for XContest 2015, but not XCanada – start at Step 3 below.

If you are not registered at all for XContest – start at Step 1.

1. Go to <http://www.xcontest.org/world/en/registration/>
2. Fill out all Information on form and XContest will send you a reply with your Profile Info for your purposes.

3. LOGIN to XContest in the top right corner with the Username and Password you picked (it may have logged you in automatically already).
4. Click on the task bar towards the top of the page that says NATIONAL XContests.
5. Select Canada. On the page that opens next, go to the dropdown list in the upper right side, click on it, and select XCanada 2015.
6. In the middle of the page, select the English or the French version depending on what you prefer.

- Now in the Right Hand column select Registration.
- Make sure that the "Register me to the Canada 2015" option is check marked, complete any other info needed, then go to the bottom of the page and hit "Send".
- You will now receive an email with your confirmation of being registered to the XContest Canada 2015.
- If you are from out of Country your flights only need to be registered on the World Contest which is automatic for everyone.

XContest Flight Claims

- Login using your username and password.
- In the Right Hand Column select "Flight claim".
- Select the IGC file you plan to submit and fill out all the information about your flight on the form.
- Click send and your flight will be there to check over within a couple minutes.
- You may also write a description about the flight and post photos for other to see of the flight.
